

Landa Water Jet Surface Cleaner

Water Jet is the ultimate industrial surface cleaner on the market.

It handles easier, cleans faster and holds up better under the toughest conditions.

The Water Jet's spray bar spins at 2,000 RPM and can be adjusted to blast concrete but not dig up asphalt or wood. The rotating bar and shaft are made of stainless steel with sealed precision guide bearings for low maintenance and a long life.

A holster-mounted trigger gun and insulated wand make for convenient spot cleaning in hard-to-reach places.

Other features include:

- Made of durable, rust-free polyethylene for easy handling, but weighs only 45 lbs
- Pneumatic tires on steel wheels make for easy maneuvering on all surfaces
- Easy-to-clean, in-line filter keeps spray nozzles from plugging
- Auto switching between surface cleaner and holster-mounted wand
- Tri-lingual warnings and operating instructions
- Collapsible handle for ease in transporting

Landa Cyclone Surface Cleaner

The economy model flat surface cleaner, Landa's Cyclone is the price-competitive surface cleaner with many of the same design features that have made the top-of-the-line Water Jet so popular.

The Cyclone's non-adjustable spray bar also spins at 2,000 RPM and seemingly glides across flat surfaces riding on the evenly balanced tubed pneumatic tires and swivel caster wheel.

The rotating bar is made of stainless steel with medium-duty sealed precision guide bearings.

Other features include:

- Durable polyethylene spray housing
- Fatigue-free trigger handle turns unit on/off for operator safety
- Tangle-free hose connection for ease of maneuvering
- Tri-lingual operating instructions for added liability protection
