Industrial Pressure Washers and Parts Washers
...Built Right to Do the Job Right

MHP

Gasoline-Powered, Hot Water Pressure Washer with a Narrow Frame

- Up to 4.7 GPM, 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Landa Pump with 7-Year Warranty
- Sch. 80 Heating Coil

■ **Optional, Swivel Hose Reel** with compact, easy-wind design for tangle-free handling of hose (hose reel bracket is standard).

■ 50 ft. of 3/8", wire braid Landa **Tuff-Flex Hose** rated for up to 5000 PSI and featuring a 24-inch **Hose Guard** for burst protection.

■ High-efficiency 12VDC **Burner** is mounted on the end for ease of servicing and adjustments.

■ Conveniently located **Control Panel** with burner on/off switch, monitor light and hour meter for maintenance monitoring.

■ **Swivel Crimp Fitting** for ease in attaching hose to trigger gun.

■ Rugged, 1/4-inch square tube **Narrow Frame** is only 25-inches in width to fit most doorways and is protected by an all-weather resistant epoxy powder coat finish.

■ **Metal Side Panels** are easy to remove for convenience in servicing.

■ Many **Safety Features**, including a rupture disk and thermal pump protector to prevent the build up of excessive pressures or heat.

Shown with optional hose reel and wheel kit

ISO 9001 REGISTERED

■ Extra-durable **Heating Coil** made of leak-free, cold-rolled, Schedule 80 steel pipe with five-year warranty.

■ Unique lift-out design allows for easy and quick **Coil Access** by removing six bolts.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for operator and owner liability protection.

▲ Rugged **High-Pressure Landa Pump**, with three ceramic plungers, forged brass head and 7-year warranty, is connected to the engine by a belt-drive assembly that features cast-iron bushing **Pulleys** and two notched "V" cogged belts, which provide a cooler operation and longer life; also **Two-Bolt Adjustment** makes it easy to adjust the belt tension.

■ Industrial-duty **Gasoline-Powered Honda or Vanguard engine** with overhead valves and easy-access oil drain line; all have keyed **Electric Start**.

■ Durable polyurethane **Battery Box** with vibration isolators for a secure ride.

■ Optional **Wheel Kit** adds portability to the self-contained design.

■ Four quick-couple **Nozzles** are made of hardened stainless steel and are mounted for ready access.

■ Insulated, spring-loaded **Trigger Gun** with easy-to-attach **Detergent Injector** and insulated, dual-lance **Variable Pressure Wand** make it easy to switch between wash and rinse modes.

■ Two rust-free, 5 gal. **Fuel Tanks** are "see through" for monitoring fuel levels and with elevated fuel line to prevent debris from damaging the burner.

MHP

Gasoline-Powered, Hot Water
Pressure Washer with a Narrow Frame

- Up to 4.7 GPM, 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Landa Pump with 7-Year Warranty
- Sch. 80 Heating Coil

WHY CHOOSE LANDA'S MHP

The MHP is a self-contained, mini-skid, hot water pressure washer with an extra narrow frame for maneuvering through doorways.

QUALITY: While it is considered an economy model, it is still packed with Landa quality, including reliable Honda or Vanguard engines all with electric start, top-of-the-line, belt-drive, tri-plunger Landa Pump with 7-year warranty, Schedule 80 heating coil made of 1/2-inch cold-rolled pipe, and extra-rugged steel frame protected by an epoxy powder coat finish. Moreover, the MHP is assembled in a Landa factory that is certified to the internationally recognized ISO-9001:2000 standards for quality manufacturing.

PORTABILITY: The MHP is easily fitted with an optional wheel kit to make it portable for on-site cleaning. No electricity is needed. Simply provide water and it's ready to clean most anywhere outdoors. The two five-gallon gasoline and diesel tanks (16 and 20 HP models only) allow for hours of continuous cleaning. The MHP comes standard with the bracket needed to add an optional hose reel for tangle-free washing and additional high-pressure hose protection.

SAFETY: As with all Landa pressure washers, the MHP comes certified to the rigid UL-1776 safety standards, including: 24-inch hose guard for burst protection; thermal pump protector and unloader for protection against build up of pressure or heat in pump bypass water; and rupture disk to vent any build up of excessive pressure in the heating coil.

MHP Specifications

Part No.	GPM	PSI	Engine	HP	Start	Pump RPM	BTU's	L x W x H	SHIP WT.
MHP4-30324E	3.5	3000	Honda	11	Electric	1160	330,000	48" x 21" x 42"	555 lbs.
